Subject : Extension of the Business Alliance Agreement in DTRS

Attention : The President
The Stock Exchange of Thailand

As Samart Digital Public Company Limited (“the Company”) has entered into the Business Alliance Agreement to enhance the capabilities in providing the Digital Trunked Radio System Service (DTRS) with the National Telecommunication Public Company Limited (“the NT”), which is a contractual party with the Ministry of the Interior to provide radio communication system for commanding. The project will supply radio/communication equipment, standard communication equipment in the Interior Department and various ministries in the network, including the Public Relations Department, ISOC and the provincial public relations room. The contract is scheduled to expire on July 31, 2025, unless the frequency of the NT has been allocated from the relevant government agencies for further use in providing DTRS services.

The Company has been informed by the NT that the NBTC has granted permission to the NT to renew its Trunked Radio system (radio frequency band 800 MHz) with wholesale services under the telecommunications business license type three, number TEL3/2564/001, for a period of 15 years from the date of the end of the original license period. This will continue to be effective until the expiration of the license to use the frequency that the NT received from the NBTC on August 3, 2040. The Company has confirmed the Business Alliance Agreement with the NT to have a continuous effect under the terms and conditions of the original contract in all respects until the said license expires.

Please be informed accordingly.

On behalf of Samart Digital Public Company Limited
